festival fodder menu

# bella's *feast*

There isn't a soul out there who doesn't beam on the inside (and outside!) when you mention hot dogs, popcorn, wings, sliders and chips.

It's the stuff of childhood, and it brings out that warm fuzzy sense of nostalgia... the kind that makes you all giddy inside like the first time you fell in love.

So what happens when you mix kids memories with adults flavours? The most fun and festive menu ever!

Our market stall set up is perfect for large groups at casual events. We bring along a marquee and set up in your yard, with plenty of cute decorations and fun bright colours.

It's a great menu for 18<sup>th</sup> and 21<sup>st</sup> birthdays, as well as any outdoor events.
